

Call for Manuscripts

Munich/Tokyo

We invite you to contribute book manuscripts (minimum approx. 100 pp.) to the book series

Law, Ethics and Economics

edited by Christoph Luetge and [Itaru Shimazu](#)

Aldershot/London: [Ashgate Publishing](#)

“Law, Ethics and Economics” brings together interdisciplinary books which deal with at least two of the three constituents. Among other subjects, this series covers issues in ethics and economics, law and economics, as well as constitutional issues in law, economics, philosophy, and social theory. The focus is on theoretical analysis that goes beyond purely normative considerations, thus aiming at a synthesis of the desirable and the feasible.
